Basic Plus: CPR, AED & First Aid For Adults

JFP Safety Services is an Approved Medic First Aid, Training Center. Helping you meet the needs of your company and regulatory standards. We can offer these courses at your location 24 hours a day, 7 days a week, 365 days a year. We in the safety business know and understand, safety and wellbeing knows no time.

MEDIC First Aid's resuscitation programs conform to national standards and are based on the same scientific guidelines and treatment recommendations found in the 2010 International Consensus on Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC) Science with Treatment Recommendations (CoSTR), the same as those used by the American Heart Association (AHA) and American Red Cross (ARC) for course development.

Course Objectives

MEDIC First Aid programs are accepted as equivalent to the AHA and ARC by many state regulatory authorities, the Department of Homeland Security United States Coast Guard, and others. MEDIC First Aid is consistent with OSHA's best practices for first aid training programs.

We offer the following Medic First Aid Brand of Training: Basic Plus: CPR, AED, and First Aid for the Adult. Blood Borne Pathogens and Emergency Oxygen administration. These programs can be taught as standalone courses or all together, based upon your needs. These dynamic and engaging programs help build the confidence to respond and provide ongoing content retention tools to keep skills fresh and ready to use.

Basic Plus: CPR AED and First Aid for adults includes the following training topics and can be customized to your company needs and plans.
